Terms and Conditions and Acceptable Use Policy

All accounts are subject to our [Terms and Conditions](#) and [Acceptable Use Policy](#) . We encourage all customers to read them.

High Speed DSL

DSL is a high speed always on connection. Because it is distance sensitive, there are no speed guarantees. We do not require a term commitment for DSL service.

Nationwide Dial-up

A free 200 hour dial-up account is included with Deluxe and Extreme DSL, but it must be activated separately.
